If it asks for a CE Identification Number, you should be able to skip that

If it asks for the “Contracting Entity Name” – you can enter HFB (Houston Food Bank)

At times, it does not send the certification that you took the course. Once it tells you that you have completed the course – you can screen shot or take a picture showing that you completed the course and send that to me:

## Online Training

**Use the menu above** to find the desired training program and view the classes, resources and study materials available to you based on that specific category.

**TDA will no longer test applications for compatibility in Internet Explorer.** You need to download a new internet browser to continue to access TDA resources without error. Many web browsers are available, including Google Chrome, Mozilla Firefox or Safari (Apple computers only), which can be downloaded free of charge.

**Classroom Training** for CACFP, NSLP, SFSP, USDA Foods and other topics are available at **no cost** at your local **Education Service Center**.
